RE: Project CTO-0294, WPNSTA, Yorktown, Virginia

Dear Mr. Klacik,

I am writing to inform you that I have replaced Dr. Robert Huggett on the RAB (formerly TRC) for the Naval Weapons Station at Yorktown VA. Bob is now Deputy Administrator for Research and Development with the US EPA in Washington and I have taken over his administrative role here. In addition, VIMS has been reorganized, so my title and address are slightly different than the one you had. Enclosed is a business card with the appropriate information including phone numbers.

I have received the Draft Engineering Evaluation/Cost Analysis, Site Screening Areas 3 and 7 about a week late, but I expect to submit comments by 20 April 1995 as instructed.

Cordially,

Morris H. Roberts, Jr.  
Professor of Marine Science and Chair,  
Department of Environmental Sciences
